Manufacturers Insist That They Would Not Willingly

Did the rifles, rapid fire guns and amnow in Washington.

The mediation conference was brought to a sudden standstill for a short while as the result of the appearance of Senor Urquidl. Carranza's messenger arrived here at 11 o'clock and sent his card to Ambassador Da Gama of Brazil. The Ambassador refused to receive him at first, evidently, not knowing the nature. munition for Gen. Huerta which were anded at Puerto Mexico by the steamship piranga come from the United States? Local representatives of the principal arms manufacturing companies here were greatly interested yesterday in this question. They figured that if the reports from Vera Cruz were accurate some one must have made a \$500,000 deal in munitions of war.

Senor Urquidi thereupon wrote a short one firm in the United States could have peen instructed to present to the mediat-irs. He added that he was stopping at hotel on the American side and that he in the despatches, and the statement that to Puerto Mexico solely for the purpose of landing arms. the 20,000 rifles were "thirty-thirties" was said to make it practically certain what Senor Urquidi had barely left the Clif-ton House when one of the members of

Most of those who discussed the matter were inclined to think it improbable that the Government's embargo on arms to Mexico had been violated. The Reming-Mexico had been violated. ton Arms Company is the only one of the big companies of its kind which has its main office in this city. Representatives of that firm denied emphatically that the arms or ammunition could have come from them.

"The Remingtons wouldn't ship a gun or a round of ammunition that might be turned this way," said Mr. Bruff, who has charge of all foreign shipments. "Not one dollar's worth of our goods has reached Mexico via Europe or any other way except by permission of our Govern

rived at the Clifton at 4 o'clock and went into conference with the South American envoys. The meeting lasted Mr. Bruff said that while shipments had been made under special permit from the Government by many companies, it is not probable that any such shipment as that of the American delegates would consent to make a statement after it was over. tives have kept in direct communication with the State Department by leased wire.

The Sun correspondent was requested to-day by friends of Gen. Felix Diaz in Toronto to deny a report printed recently to the effect that Edward Beckert of New York is an advisor in the ampley of the

Repeating Arms Company said that if the "thirty-thirties" mentioned in some despatches came from his company it was certain that they had not been shipped in violation of the embargo. He added that the Winehester company

has no rifle which it catalogues as a "thirty-thirty," "Winchester thirty" being their term, and that they have no 1898 model, mentioned in one despatch from Vera Cruz.

facturers were inclined to believe that the arms landed from the Ypiranga were sent permit. They pointed out that the em-bargo had been a somewhat uncertain with heavy losses by the rebel torce which matter, at least so far as the manufac-turers of arms were concerned.
